RESPONSE TO RESTRICTION REQUIREMENT

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

In response to the Restriction Requirement mailed September 28, 2005,
Applicants elect, with traverse, Group II (claims 1-70 and 76), directed to a polymer or a medical
device including a polymer.

In addition, with respect to the species election, Applicants elect, with traverse, a
polymer wherein: $n=1$, $m=1$, R , R^1 , R^2 , R^3 , R^4 , R^5 (in claim 17) = saturated aliphatic group,
 $V=R^1$, and $Y=OH$.

Applicants respectfully request reconsideration and withdrawal or modification of
the restriction requirement. It is respectfully submitted that the inventions as claimed can be
readily evaluated in one search without placing undue burden on the Examiner. That is, all the
claims are so interrelated that a search of one group of claims will reveal art to the others.

Furthermore, with respect to the species election, this election is with traverse to
the extent that it is understood that (a) the requirement will be withdrawn upon the finding of an
allowable genus; and (b) any species withdrawn from consideration will be transferred to the
elected subject matter unless it is found patentably distinct from the elected or allowed claims.

Applicants traverse on the grounds that the generic claim includes sufficiently few species that a search and examination of all the species at one time would not impose a serious burden on the Examiner.

Applicants reserve the right to pursue examination of any non-elected claims in continuation or divisional applications.

The Examiner is invited to contact Applicants' Representatives at the telephone number listed below if there are any questions regarding this Response or if prosecution of this application may be assisted thereby.
